Introduction

Aspiring Data Analyst with a strong foundation in Mechatronics Engineering and hands-on experience in real-time systems, Python programming, and embedded technologies. Passionate about leveraging data to uncover insights, build interactive dashboards, and support strategic decision-making through tools like Power BI, SQL, and Tableau.

Skills

Technical Skills: Python, SQL, Power BI, Tableau

Soft Skills: Problem Solving, Communication, Teamwork, Critical Thinking, Adaptability, Attention to Detail

Certifications

2025: **Microsoft Power BI Data Analyst Associate** – DevTown

2025: **SQL Fundamentals Certification** – Simplilearn

2025: **Data Visualisation: Empowering Business with Effective Insights** – TATA

Experience

Applied Aero Labs Pvt. Ltd.
Software Developer   *Nov 2024 – Apr 2025*

Karthikesh Robotics Pvt. Ltd.
Robotics Engineer   *Dec 2024 – Feb 2025*

Keerthi Industries Ltd.
Systems Developer   *Jun 2024 – Nov 2024*

Verzeo
App Development Intern   *Jan 2022 – Jun 2022*

Projects

Sales Performance Dashboard for Keerthi Industries using Power BI   *Apr 2025*
Sensor Data Analysis using SQL   *Mar 2025*

Education

Mahatma Gandhi Institute of Technology
B.Tech – Mechatronics Engineering   *2021 – 2025*
Relevant Courses: Data Structures, Advanced C++, Embedded Systems, Machine Learning
Certification: Harvard University (edX) – Python Programming (2024)
